ARCHBOLD GLEANINGS.

Special to the Scranton Tribune.

ARCHBOLD, Pa., April 25.—This afternoon at 3 o'clock Miss Jennie Finerty, a charming young lady of this place, was married to Thomas Burns, of Providence, in St. Thomas church. The ceremony was performed by the rector, Rev. T. J. Comerford. The bride was attended by Miss Lizzie Speicher, and the groomsmen were John J. Finerty, a brother of the bride. The party presented a most attractive appearance. The bride wore a beautiful dress of lavender cashmere, trimmed with lace and carried a bouquet of Mar. echal Niel roses. The bridesmaids wore cream cashmere trimmed with ribbon. The groom and his attendants wore the customary black. The party enjoyed a short drive and later in the evening a reception was held at the home of the bride's parents, Mr. and Mrs. Thomas Finerty, of Hill street. Here many of the friends assembled and made merry for a few hours. The couple received many valuable and beautiful presents, the gifts of friends and well-wishers. Mrs. Burns is an estimable young lady and everyone will wish her and her worthy husband many years of happiness.

Mrs. John Caron, Jr., was in Scranton yesterday.

James F. McAndrew and J. J. Kearney are on the jury this week. Mr. Kearney is a juror on the murder case now being tried.

Louis Jester's vandeville and athletic aggregation did not perform here last evening. Manager White of the Father Mathew Hall would not let them, so they were obliged to leave.

Ed Flood, of Mayfield, had his foot badly mangled last evening while trying to jump off a Delaware and Hudson locomotive at the breaker crossing. Dr. Van Doren was summoned to attend to his injuries. It is likely that the foot will be amputated. The young man was taken home last night.

John A. Foote is confined to the house owing to an injury to his foot, which he sustained by stepping on a nail.

John McAndrew, of Salem street, is very ill of typhoid fever.

Today was a tolerably uneventful one with the Traction company. The workmen are making great headway and now have the road prepared as far as the Delaware, Lackawanna and Western track below the Riverside store. The ties are being laid as the road is being prepared, and it is likely the entire route will be covered within a few days. The track will be laid in the center of the road between the Riverside store and the Peckville borough line, although it was the intention of the company to place it on the side until otherwise ordered by the road committee of the council.

There is a probability of a clash between the Traction company and the Delaware and Hudson company with reference to the crossing of the gravity track. The Delaware and Hudson company has a watchman at the crossing and will not let the Traction company cross. As yet the latter company has made no effort to span the track, but there may be fun when they attempt it.

County Surveyor Dunning is at work on his map of the plank road between the Delaware and Hudson track and the terminus. He will have it ready in a day or two. His survey has revealed the fact that nearly all the fences along the line of the track infringe on the road in many instances to a considerable extent. Henry Oct's hotel is exactly on the line on one side of the road according to the survey, and Peter Miller's fence is on the other. In nearly every case farther up the hill the fences are beyond the line. If Mr. Dunning's survey is followed it will make things rather inconvenient for the property holders.
